SESSION TOPICS and SPEAKERS
(subject to change)

Time	Topic	Speaker(s)	Description
08:00 – 09:00	Coffee and Collaboration	Pre-event social hour and badge pick up	Before hearing insights from our presenters, take time to meet the community members that are building the foundation for a more efficient, collaborative future by visiting over 30 partner demo booths.
09:00 – 09:05	Call to Order	Zlatko Sator, *RDKM*	Prepare to experience the vision, partnerships, and roadmaps that will define the new era of RDK development.
09:05 – 09:15	Event Kickoff: Making RDK Ready for the Future	Jason Briggs, *RDKM*	Hear from RDKM President Jason Briggs as he charts the journey from kit to core—showing why solid foundations matter for the Platform of Choice and how we're making RDK Ready for the future.
09:15 – 09:45	Morning Keynote: Vodafone Unlocked: Strategic Transformation Through RDK for Broadband	Oscar Gallego, *Vodafone* Endika Miragaya, *Vodafone*	Vodafone leadership will deliver a comprehensive story around their strategic journey and decision to adopt RDK for Broadband. They will explain how this move extends beyond cost reduction to achieve total cost of ownership (TCO) optimization, create operational stability, and unlock valuable customer insights through a scalable approach to device intelligence. Oscar and Endika will conclude with their vision for the future.

09:45 – 10:15	Apps Made Simple: Accelerating Service Launch with Firebolt Connect	*Moderator:* Oscar Uitenbroek, *RDKM* *Speakers:* Aziz Bohoudi, *Infosys* Ken Morse, *Sky/Comcast* Chris van der Linden, *Liberty Global*	Discover how leading operators are eliminating the traditional barrier in video app service delivery. This panel reveals how the Firebolt Connect Program transforms the application landscape from a development challenge into a competitive advantage. Learn the strategic frameworks and practical approaches that enable rapid deployment of high-engagement services that drive customer loyalty and retention.
10:15 – 10:30	Here's My Contact Information	Morning Break	Partnerships continue to define the strength of the RDK community. Collaboration and efficiency begin by speaking with RDK members who are passionate about broadband connectivity and product innovation at their demo booths.
10:30 – 11:00	Toolkit for RDK-B Apps: Accelerating Value Delivery	*Moderator:* Brendan de Bruijn, *RDKM* *Speakers:* Kartik Gohil*, Sky/Comcast* Magnus Olden, *CUJO AI*	In this session, Magnus Olden will provide CUJO AI's view on how they are leveraging the benefits of RDK-B to rapidly deliver its advanced network agents on the RDK-B platform and how this helps operators unlock AI driven customer value. Kartik Gohil will provide insights into how the broadband app framework for RDK-B is evolving to align with the needs of the RDK community.
11:00 – 11:30	Standards that Scale: The Wi-Fi Evolution	*Moderator:* Soumya Munshi, *Comcast* *Speakers:* Steve Arendt, *CableLabs* Priscilla DeFoug, *Sagemcom* Metin Taskin, *Airties*	Our expert panel provides an in-depth exploration of collaborative development and contributions from leading community members driving the evolution of EasyMesh and the emergence of Wi-Fi 8 technology.

11:30 – 11:45	RDK Ready: The Executive's Guide to Pre-Certified Excellence	*Moderator:* Jason Briggs, *RDKM* *Speaker:* Pedro Bandeira, *Deutsche Telekom* Paul Clarke, *Comcast*	Industry-leading Operators present the business case for standardized, pre-certified solutions that accelerate time-to-market while ensuring quality and compliance. This executive panel explores how RDK Ready's pre-certified silicon and reference boards eliminate complexity, creating a structured ecosystem where services flourish on common foundations. Discover the strategic advantages of standardized device stacks and learn how global operators are leveraging this approach to scale innovation while maintaining operational excellence.
11:45 – 13:00	Let's Do Lunch	Lunch	It's not a working lunch but it could be a productive one. Mingle with your colleagues or continue to check out the innovative demos that can directly impact your place in the RDK ecosystem.
13:00 – 13:30	Afternoon Keynote: RDK 2030: A Postcard From the Future	Paul Clarke, *Comcast*	Paul Clarke moves beyond the traditional 12-month outlook, offering a comprehensive and visionary perspective on RDK's potential. With a solid foundation established through Core RDK, partners can now envision a more collaborative and innovative future where RDK is increasingly recognized as the Platform of Choice.
13:30 – 14:15	RDK 2026 Roadmaps: Charting the Future – Part I: RDK for Broadband	*Moderator:* Glee Abraham, *RDKM* *Speakers:* Uli Bornhauser, *Deutsche Telekom* Andrew Marchant*, Liberty Global* Sanjay Mullamuri, *Comcast* Sal Sallas*, Comcast*	Our first Roadmap session is focused on RDK for Broadband, featuring panelists from Comcast, Deutsche Telekom, and Liberty Global. Topics will cover RDK's evolution in technology, architecture, and device capabilities. The session concludes with a comprehensive view of the near-term RDK for Broadband roadmap.
14:15 – 14:30	RDK Awards	Zlatko Sator, *RDKM*	Instituted in 2024, The RDK Awards recognize companies and individuals for significant contributions to the RDK Community.

Time	Session	Speakers	Description
14:30 – 15:15	RDK 2026 Roadmaps: Charting the Future – Part II: RDK for Video	*Moderator:* Glee Abraham, *RDKM* *Speakers:* Bart Catrysse, *Liberty Global* Steve Griffith, *Sky* Simon Hatcher, *Sky/Comcast* Anil Ravuru, *Comcast*	The second Roadmap session focuses on RDK for Video, featuring panelists from Comcast, Sky, and Liberty Global. Topics will examine RDK's growth trajectory in technology, architecture, and device innovation. The session concludes with a detailed presentation of the near-term RDK for Video roadmap.
15:15 – 15:30	Continuing the Conversation	Afternoon Break	Get back to early conversations or initiate new ones as you continue to work your way through our 30+ demo booths focused on collaboration and innovation.
15:30 – 16:00	The French Connection: SFR's Strategic RDK for Broadband Evolution	*Moderator:* Zlatko Sator, *RDKM* *Speakers:* Sébastien Keller, *SFR*	Go behind the scenes with SFR France (Altice France Group) as they share their unique perspective on RDK adoption. This intimate conversation format combines company overview with strategic insights, exploring how SFR identified RDK for Broadband as their technological catalyst for growth. Unlike traditional case studies, this session offers an executive dialogue that reveals the decision-making process, implementation insights, and future aspirations of a major European operator's digital transformation journey.
16:00 – 16:40	Edge AI Unleashed: Revolutionary Solutions at the Speed of Demand	*Moderator:* Nick Nielsen, *Comcast* *Speakers:* Sujatha Gopal, *TCS* Nitin Pai, *Tata Elxsi* Bala Shanmugakumar, *Cognizant*	The future of customer experience is being written at the edge, not in the cloud. This cutting-edge panel brings together CTOs and technology visionaries who are pioneering Edge AI solutions that deliver instant, intelligent responses where customers need them most. Discover how leading operators and technology companies are deploying Edge AI to eliminate latency, enhance privacy, and create unprecedented personalization—all while reducing infrastructure costs and improving reliability. Learn the strategic imperatives driving this technological revolution and how Edge AI is becoming the competitive differentiator that separates industry leaders from followers.

16:40 – 16:45	Event Close: Let's Get to Work	Jason Briggs, *RDKM*	RDKM President Jason Briggs highlights the key topics of the day and challenges everyone to use today's blueprint for success.
16:45 – 17:45	One Last Chance	Evening Reception	One last hour to see demos, catch up with old friends, create new relationships, and get a quick conversation with one of our presenters.
